---

### CEREER OBJECTIVE

I aim to build a strong and meaningful career by exploring web development and related growth opportunities. I am deeply committed to continuous learning, honing my skills step by step, and taking on challenges that allow me to grow both technically and professionally. My goal is to contribute to impactful projects, create real value through my work, and establish myself as a skilled developer capable of delivering innovative and effective solutions.

---

### SKILLS

- Frontend: Next.js, React.js, Tailwind CSS, HTML5, CSS3, JavaScript (ES6+)
- Backend: Node.js, Express.js, MongoDB, RESTapi, JWT, Firebase Authentication
- Tools: Git & GitHub, Vite, Axios, dotenv, Netlify, Vercel, Figma
- Soft Skills: Quick Learner, Team Work, Time Management

---

### PROJECTS

#### 1. FinEase : finance management

[Live Demo](#) [Font Repo](#) [Server Repo](#)

FinEase is a personal finance management app where users can track income, expenses, budgets, and view financial insights with charts. It includes authentication, CRUD transactions, reports, user profile, and protected routes with a fully responsive UI.

##### Key Points:

- Full admin control manage users, approve/decline articles, and assign publishers from a powerful dashboard.
- Premium monetization system subscription-based payments powered by Stripe for accessing exclusive content.
- Dynamic content accessibility supports both free and premium articles, giving users flexible reading choices.

**Tecnology:** React.js, Tailwind CSS, JavaScript (ES6+), Node.js , Express.js, mongoDB, firebase

#### 2. PetCare: pet care

[Live Demo](#) [Git Repo](#)

It features service details with protected access, responsive UI, Firebase authentication, and a smooth user experience designed for cold-season pet wellness.

##### Key Points:

- Winter-specialized pet care hub featuring cozy services, expert guidance, and helpful seasonal tips for pet owners.
- Dynamic service exploration with detailed pages, winter products, grooming, clothing, and booking options.
- Modern responsive UI with slider, cards, expert vets section & smooth winter-themed design, enhancing user experience across devices.

**Tecnology:** React.js, Tailwind CSS, JavaScript (ES6+) , firebase

---
